

Murder Mystery

Can you unravel the story, solve the mystery and catch the killer?

Lose yourself in the story as you and your guests work together to solve the clues and reveal the truth behind what really happened.

Designed as a fun and interactive team building event, our Murder Mysteries are ideal for employees, customers, suppliers and partners. The event is hosted over Zoom, so guests from all over the country can join in on the action.

You'll hear the backstories and alibies of the suspicious suspects, before having the chance to ask your own questions to piece together the story. Played by professional improvisation actors, they'll be as cryptic and as convincing as the real thing so try to avoid the red herrings and keep your wits about you.

To add to the experience, you and your guests can receive a Mystery Murder themed MemMail box, complete with props, branded items and drinks and snacks to enjoy on the day. To find out more, speak to a member of the team.

Event Host

A number of experienced professional improvisation actors will play the role of suspects and an Inspector to deliver an unforgettable and captivating event from start to finish.

And as always, there will be a member of the Inconnection team on hand to ensure everything runs smoothly.

MemMail

There's the option to upgrade your event with our MemMail sending service. We design the boxes according to your branding and murder mystery theme and deliver them to guests' door before the day of the event.

- Props relating to the murder mystery story
- Drinks and snacks to enjoy during the event
- Optional branded gift items
