

Whisky Tasting Experience

Enjoy a virtual whisky tasting experience with a Scotch whisky expert

Inconnection's Whisky Tasting Experiences are fun and interactive events which encourage audience participation and group discussion.

Your guests will be guided through a virtual, tutored tasting by one of our whisky experts, with the backdrop of the world's largest and most beautiful Scotch whisky collection. Tasting packs will be delivered to the guests' addresses prior to the event.

The tasting packs include all the elements to unlock the secrets of Scotch. Guests will receive an aroma card, tasting guide and a distillery map of Scotland. Our expert will select three single malts for your tasting along with artisan chocolates to compliment the flavours of the single malts. Guests will also receive a Glencairn crystal tasting glass – the ideal shape for learning about the five steps of tasting Scotch whisky.

All of our virtual events can be upgraded with MemMail

Available formats

Virtual

Hybrid

Socially
distanced

Great for

Colleagues, customers,
associates, suppliers and partners

What's included

- Three expertly selected single malts, artisan chocolates, tasting notes and a crystal tasting glass
- A whisky specialist to host the event live

Price*

from **£89** per person

MemMail

Our sending service, MemMail is the perfect way to add a more personalised touch to your virtual event experience.

- Send a handwritten invitation with a gift wrapped crystal branded whisky glass to boost participation and get people in the mood
- Include extras in your event pack like premium snacks for your guests to enjoy on the evening

Event host

Your tasting will be hosted by a specialist who knows everything there is to know about the flavours and stories behind Scotland's most famous product.

They'll have spent the time specially selecting the single malts and pairing artisan chocolate. They will deliver a truly interactive personal experience based on your needs and requirements.
